

My name is Patti Adams and I am the morning and afternoon kindergarten school teacher for your child/children here at KinderCare. I have been teaching in Early Childhood for 22 years. I have 5 certificates in Early Childhood development and I am currently enrolled at Waldon University to get my reading endorsement. Over the years I have been honored with many awards in the early childhood field, including Honor teacher as well as master teacher recognition. I am so excited about this school year; so get ready for a year of fun, excitement and learning!
