**This tuition rate is for our new school year which starts on Aug 29, 2022. Tuition fees are increased at the beginning of each new school year and is announced every mid-August. For families opting to pay their tuition fees other than via an automatic deduction from a registered checking account processed thru ACH (Automated Clearing House), a convenience fee of up to 2.5% will also be charged. For families with multiple children enrolled at the WBCC, the Center offers a 10% discount on the oldest sibling's regular tuition fees. This is only applicable to families paying the full tuition fees listed above. There is no further discount for families already receiving reduced tuition fees.
