

World Bank Group Children's Center Wellness Screening Station

Help us keep everyone safe! Can you answer YES to these statements?

1. My child has not traveled outside the District, Maryland, and Virginia area for the last 10 days.
2. My family has been fever-free for 24 hours or more.
3. My child has NOT had a cough or respiratory symptoms in the last 24 hours.
4. My child is feeling well, with no other signs or symptoms of illness (including rash, headache, vomiting, diarrhea, sore throat, earache, severe headache, etc.)
5. No one in my household has tested positive for COVID-19 or has had to quarantine* due to COVID-19 exposure.

If the answer is NO to statements 2 to 5, then your child must stay home until symptom free for 24 hours.

* Remember to follow DC recommendations on quarantining.

If you answered YES to all five statements, hooray! You can come on in. Please check to make sure your child is feeling well before dropping them off at their classroom. Non-vaccinated adults must wear masks inside our center.

Please try to limit your visits to 15 minutes a day.

If you answered NO to any statements, we're sorry but you'll have to go home until your child is symptom free for 24 hours or completed the appropriate quarantine requirements.
